STRENGTHS

Analytical Thinking

Critical, analytical problem-solving across code and data.

Ownership Mindset

Comfortable owning a codebase solo, schema to deployment.

Attention to Detail

Strong attention to detail in data, design, and security.

Self-Motivated

Self-driven and motivated to achieve goals.

Communication

Excellent verbal and written communication.

Team Collaboration

Works effectively in collaborative team settings.

Time Management

Skilled in managing time to meet deadlines.

Full-Stack / Backend Developer — Laravel · PHP · MySQL · System Design

SUMMARY

Full-stack developer with hands-on ownership of a production-grade Laravel platform end to end — relational database design, backend business logic, payment integration, security engineering, and front-end delivery. Background in SQL and Power BI adds a data-driven edge to architecture and reporting decisions. Comfortable owning a codebase solo: schema to deployment.

EXPERIENCE

Full-Stack Developer

Jul 2025 – Present

Hair Rap by YoYo Pvt Ltd

Sole engineer on DonateBazaar, a fintech-grade crowdfunding platform — owned backend, frontend, and database design end to end

- Designed the full relational data model (~50 Eloquent models, 90+ schema migrations) with DB triggers and locks for financial data integrity.
- Built ~70 controllers and 8 custom middleware powering multi-channel auth (email, Google OAuth, phone OTP), a 6-step campaign wizard, and ~25 admin governance modules.
- Engineered a Razorpay payment pipeline (orders, webhooks, refunds, settlements) with 5-layer verification: HMAC signature check, constant-time comparison, idempotency, locks, and DB triggers.
- Implemented 18 distinct security controls — CSRF, HMAC webhook verification, hashed OTPs, role/status middleware, private-disk KYC, and audit logging.
- Integrated the Anthropic Claude API to build a streaming AI chatbot for donor and campaigner support.
- Built 20 transactional email classes and 5 scheduled commands automating receipts, KYC, and settlements.

Software Engineer

Dec 2023 – Jul 2025

Infomaticae Technology Pvt Ltd | Kolkata, India

- Boosted website engagement by 25% through responsive web design, plugin integration, and UX/UI optimization.
- Used Google Analytics and data tools to monitor traffic, identify drop-off points, and drive optimizations.
- Applied on-page and technical SEO, increasing organic search traffic by 30% and improving rankings.

Developer

Feb 2024 – Feb 2025

Alongkari — Jewelry Store | Kolkata, India

- Increased traffic by 35% via keyword optimization and SEO strategy.
- Enhanced the eCommerce experience through UI/UX improvements and payment integration.
- Improved operational efficiency using data visualization tools.

Junior Web Developer

May 2022 – Dec 2023

FliqaIndia | Kolkata, India

- Optimized site load time by 15%, improving retention and engagement.
- Collaborated on dashboard development and performance-tracking tools.

TECHNICAL SKILLS

Languages & Frameworks: PHP, Laravel 11, JavaScript, HTML, CSS, SQL

Databases & Data Modeling: MySQL, MariaDB, PostgreSQL, ER modeling, DB triggers, indexing

Payments & Integrations: Razorpay, Anthropic Claude API, RESTful APIs

Security Engineering: CSRF, HMAC verification, role/status middleware, KYC workflows, rate limiting, audit logging

Data & BI: Power BI, DAX, KPIs, data cleaning, dashboards, ETL basics

PROJECT EXPERIENCE

Vehicle Theft Analysis

A project focused on analyzing vehicle theft patterns

- Delivered regional risk analysis through interactive dashboards.
- Used SQL (PostgreSQL) for data preprocessing and Power BI for visual insights.
- Supported data-driven decisions for theft prevention based on a 70.6% rise trend.

Blinkit Sales Dashboard

A project focused on sales data visualization and analysis

- Created an interactive Power BI report using DAX and custom KPIs.
- Highlighted sales trends and user behavior to guide strategic marketing.

EDUCATION

Bachelor of Engineering and Technology (2017-2021)

KIIT University — Bhubaneswar, Odisha

Class 12 (Pure Science) (2014-2016)

Birbhum Zilla School — Suri, Birbhum

Class 10 (2013-2014)

Birbhum Zilla School — Suri, Birbhum

I hereby declare that the above-furnished details are correct to the best of my knowledge.

Date: 20th July, 2026

Place: Suri, Birbhum

CERTIFICATION

Power BI Certification

(Basic to Advanced)

From Rajdeep Dar Pathshala, an ISO Certified Institution — demonstrating expertise in Power BI from basic to advanced levels.

KEY ACHIEVEMENTS

DonateBazaar Platform Delivery

Single-handedly delivered a production-grade fintech platform end to end — DB schema, backend, payment/security engineering, and front-end — spanning ~70 controllers, ~50 models, 90+ migrations, and 18 security controls.

Data-Driven Insights Implementation

Developed and implemented data-driven insights that significantly improved user engagement and operational efficiency.
